2008-2009 Annual Faculty Evaluation by the Director

Ms. Stephanie Derrick, adjunct professor, appointed 2007

Ms. Derrick taught Introduction to Music for us and served as director and assistant stage director for the MTSU Opera during 2008-2009. Reports from students and faculty are very positive. Ms. Derrick provides a very supportive environment for her students, and she always displays a very professional attitude.

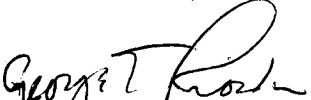

The expertise that Ms. Derrick brought to the MTSU Opera's *Sweeny Todd*, helped to make it a great dramatic success. On that production she served as assistant stage director and ran a great number of the rehearsals.

This spring she directed both the music and staging for our opera scenes, and by all accounts she and her students performed admirably. The performance success of her directorial ventures indicates that her students definitely met their learning outcomes.

Ms. Derrick's student evaluations for her fall Introduction to Music sections are good and indicate that her students valued and benefited from her instruction, suggesting that her students are meeting their learning outcomes.

Ms. Derrick is very engaged in the life of the School, and we appreciate her efforts. We were very pleased to be able to have her serve on the faculty, but understand that she will be moving to Virginia this summer; we look forward to following her career.

The signature of the faculty member below acknowledges receipt of this annual year-end evaluation. The faculty member is requested to sign and return one original to Claudette Northcutt in the School office, and retain the other.
